ABOUT LYNDONS

LYNDONS is an Australian privately-owned and operated building and construction supplies company, founded in the early 1900's in Brisbane.

The company has evolved over time and has built a strong reputation for providing a reliable, customer-focused quality service. Through growth over the decades there remains one constant - providing solutions for you, our customer.

Lyndons has stores, distribution centres and manufacturing facilities, located in major cities and towns across Queensland.

Lyndons offers an extensive range of quality products, materials, machinery, tools and equipment that you need to get the job done, including:

- Reo, Mesh, Bar & Accessories
- Concreting Products, Cement & Accessories
- Render Products, Tools & Equipment
- General Hardware, Tools & Cleaning Equipment
- Bonding, Sealants & Waterproofing
- Formwork & Materials
- Safety Signs & PPE
- Machinery & Equipment
- Masonry Blocks & Bricks
- Retaining Wall Systems
- Bulk Sand & Aggregate

Lyndons owns and operates two steel processing facilities supplying our stores or delivering direct to you.

WHY LYNDONS

OUR PEOPLE

Being part of the Lyndons team is being part of a community unified by its vision, mission, purpose and values that support how and why we work together as one team with mutual respect for all.

RELATIONSHIPS

We have a proud history of established long-term relationships with many customers across numerous trades throughout Queensland and Northern NSW.

No matter what size, big or small, your business is, our team has the technical knowledge and expertise to assist and advise you on the best products and solutions to meet your needs. Assisting you in efficiently delivering your project for your end-customer is our focus.

Lyndons is proud to maintain long-standing relationships with major suppliers and reputable brands.

FACILITIES

With locations throughout Queensland, Lyndons is able to provide you with the majority of your building and construction materials, machinery, equipment and tools in store or delivered to site.

FLEET MANAGEMENT

Our extensive own fleet consists of a variety of tipper, trayback, fork and crane trucks and delivery utes, giving you the flexibility on the how and when you get your delivery.

Whether you're building a concrete driveway or footpath, extending or laying a new concrete slab, or constructing a multi-level building, or a complex bridge structure, reinforcing steel is an essential element of the concrete foundations.

Whether you're looking for cages, steel bars or mesh sheets, Lyndons has the right reinforcing products and accessories for your project. Our products are suitable for residential, high-rise buildings, commercial, industrial, infrastructure, mining, pools and civil projects, of all sizes.

Lyndons owns and operates two steel production facilities. This provides Lyndons with the capability to process, cut and bend reinforcing bar and coil products to your specifications, for large to small scale projects.

REINFORCING MESH & BAR

- All reinforcing bar and fabric mesh manufactured to AS/NZS 4671:2001
- All steel is sourced from ACRS accredited mills
- Diameters from 10mm to 40mm
- Standard lengths
- Capability to produce custom, complex orders
- Our rebar grade range includes:
 - 500N Deformed bar
 - 250N Round bar

QUALITY CERTIFICATION

At Lyndons we are committed to providing the highest quality products to our customers. Our steel production sites are ACRS accredited and the steel products are manufactured in accordance to the AS/NZS 4671 Standard.

We are Queensland Government Transport and Main Road (TMR) registered.

PRODUCT RANGE

We produce and stock a comprehensive range of Steel Reinforcing, Lintel bars and accessories, including:

REINFORCING MESH

- Square rib mesh
- Rectangular rib mesh
- Trench rib mesh
- Ute mesh

BAR

- Rebar 250R/500N
- Pool steel (250S)
- Starter bars
- Corner bars
- Fitments and more

REINFORCING ACCESSORIES

- Bar chairs, plastic & concrete
- Dowels, sleeves & caps
- Dowel cradles & accessories
- Plastic safety bar guards
- Building film & tape
- Tie wire
- Expansion joints
- Key joints
- and more...

Lyndons can provide a full range of in-house dedicated estimating and scheduling services. Our experienced team will work with you to ensure alternative and/or innovative solutions and value engineering opportunities are identified and evaluated; identify and quote all the products, materials and accessories necessary for your project and ensure timely delivery to your site.

TECHNICAL SERVICES

ESTIMATING

Wherever you are located, we're able to provide commercial, civil and residential take-offs by our estimating team. After receiving your drawings and information, our experienced estimating team calculates the estimated quantities of reinforcing bar, mesh and accompanying accessories to provide a comprehensive price or rate for your specific project, no matter the size.

SCHEDULING

Our in-house team of experienced inhouse schedulers, are focused on making sure you receive the correct product on time, reducing any delay to your project plan. We understand that in the primary stages of construction, attention to detail when scheduling is a crucial step to kicking off a successful project.

Our team provides an efficient and accurate scheduling service to meet your project requirements to ensure timelines are met.

ADDITIONAL SERVICES

With our two steel production facilities, we have the capability to provide fabricated welded reo cages and undertake complex bending efficiently and with a high degree to precision and quality, including:

PREFABRICATED CAGES

- Footing cages
- Large foundation cages
- Pad footing cages
- Bored piers
- Pile cages
- Beam cages
- Column cages
- Complex bespoke cages

Over 200 years experience across our scheduling and estimating teams providing our customers with the information to better manage projects.

Lyndons heritage continues today, as a trusted and reliable supplier of concrete construction materials, tools and equipment for all types of building and construction projects. Our extensive range of reputable, quality concrete construction supplies offers you a ONE-STOP-SHOP for all your concreting needs, providing you with efficiencies.

Whether you need foundation pod systems; spacers; building film; PVC joining tape; tie wire; rebar machines; dowels; reo bar; mesh; screeds; rakes; concrete curing and sealers; formatube; pier cages & more, you can rely on Lyndons to have all the right materials, tools and equipment for any concreting job.

CONCRETE PRODUCT RANGE

Our concrete product range includes but is not limited to:

- Colouring & Texturing products
- Protection & Repair products:
 - sealants
 - waterproofing & bonding products
 - curing compounds & more
- Chemicals & Admixtures
- Formwork:
 - formatube
 - formply
 - flexi board
 - edge form & more
- Joint Systems
- Concrete Coatings
- Concrete Retaining Wall Systems
- Reinforcing Mesh incl Ute Mesh & bar
- Bulk Sand & Aggregates
- Concrete Tools & Accessories:
 - quality finishing brooms
 - trowels
 - edgers
 - screeds
 - tie wire
 - builders' film
 - diamond saw blades & cut-off wheels
 - trowel machine blades
 - lay flat hoses
 - laser levels
 - concrete drill bits/core bits
 - & all accessories
- Concrete Power Equipment:
 - cutting tools
 - concrete saws (hand held & walk behind)
 - grinding machines
 - submersible pumps
 - trowel machines (walk behind & ride on)
 - concrete vibrators
 - rebar tiers, benders & cutters
 - cement mixers
 - water blasters
 - h-class vacuums
 - vibrating screeds
 - & more.

We also produce and stock: trench mesh and all gauges of standard mesh; starter and corner bars and 6m stock bar; bar chairs; dowels; Z cages; ligs and spirals; and much more

Lyndons is Queensland's trusted company for the supply of preblended cement and acrylic renders, coloured textures and membrane paints as well as the tools and accessories required for use on your project. Lyndons also provides a wide range of PVC angle beads and tools commonly used when rendering.

PRODUCTS

BRANDS

The reputable brands we stock are of quality grades providing you with the security of knowing that you are purchasing products that will assist you in delivering a quality finish. We only stock brands we stand by.

RANGE

Within Lyndons range of premium cement and acrylic renders, coloured textures and membrane paint available, you will find a product and/or system to suit building substrates of all kinds including:

- Brick/Block
- Fibre-cement sheeting and panel systems
- EPS
- PVC panel systems
- Off form concrete/tilt up concrete panels.

SERVICES

COLOUR TINTING

Using advanced colour matching technology and high-spec tinting machines, we can tint your membrane paints and acrylic textures with up to 12,000 colours available to select from*.

PROFESSIONAL ADVICE

Our friendly and knowledgeable team members are here to answer any questions you may have about the render products we stock, helping you get the job done right first time. What we can't answer, we'll find out for you from our trusted suppliers.

ACCESSORIES

We stock accessory brands and sundries for prep, render, paint and finish including:

- Gap fillers
- Tapes
- Abrasives
- Brushes
- Rollers
- Tray sets
- Scrapers
- Cleaning chemicals
- PPE, including:
 - P2 masks & others
 - a range of gloves
 - ranges for head, face, feet, eyes, ears & more
- Drop cloths / protective plastic
- and more...

Whether you're looking for specialty products such as floor paints, sealers, pool render, pool or court paint and more, Lyndons has you covered. If you can't see the product you require in our store, just ask as we can order this item instore for you or arrange for delivery to your project site.

We take pride in providing high-quality, reliable products. Our products are carefully selected and backed by strong manufacturers' warranties.

*Tinting only available at LYNDONS SEQ stores. You must have the colour name, no colour matching from samples.

Lyndons offers a wide range of quality trade tools to suit a range of different applications, including concreting, rendering, block-laying and more. We supply premium quality tools, consumables and accessories to all industries including the construction, mining, civil and infrastructure. Whether you're a seasoned tradie or new to your trade, investing in quality tools is more cost effective in the long run.

Lyndons also stock those general hardware items and cleaning products that you may need on site made for trades.

PRODUCT RANGE

Lyndons stocks an extensive range of tools across multiple quality brands including but not limited to:

HAND TOOLS

- Trowels various sizes
- Floats various sizes
- Edgers various sizes
- Brushes & rollers of all sizes
- Concrete rakes
- Clip poles
- Extension poles
- Bolt cutters
- Secateurs
- Screeds various sizes
- Spirit levels
- Shovels (long & standard handles)
 - round mouth
 - square mouth
 - post hole
- Nips
- Application guns
- Finishing brooms
- Hammers
- Fresno's
- Grout bags/tubes
- Measure tapes & wheels
- Star picket drivers
- Mixing Paddles
- Sprayers
- Straight edges
- Abrasive blocks/resinoid wedges
- Brick clamps/profiles
- Brick jointers
- Dutch pins
- Scrapers
- Renders hawks
- Darbies

GENERAL HARDWARE

- Wheelbarrows
- Hoses and fittings
- Buckets
- Tapes:
 - duct tape
 - masking tape
 - blue cloth tape
- Knives
- Electrical leads
- Measuring jugs
- Marking paints and crayons

CLEANING EQUIPMENT

- Hand sanitiser
- Brooms
- Chemicals
- Disinfectants
- Hand Soaps
- Sponges
- Scrubbing brushes

Lyndons stocks a range of quality specialist trade machinery and equipment integral for processes in the building and construction industry. Our range of machinery and equipment is from reputable, leading suppliers and manufacturers that are made to withstand the demands of the work site when used correctly.

PRODUCT RANGE

MACHINERY

- Trowel machines (walk behind & ride on)
- Drive units
- Cement mixers
- Vibrating shafts
- Submersible pumps
- Porta-vibes
- Floor grinding & preparation
- Plate compactors
- Laser levels
- Saws
 - quick cut demolition saws
 - soff cut saws
 - block saws
- Water blasters
- Rebar
 - tie machines
 - benders
 - cutters
- Vibrating Screeds
- H class vacuums

EQUIPMENT

- Lay-flat hoses
- Saw blades (diamond blades and cut-off wheels)
- Measuring equipment
- Marking equipment
- Trowel machine blades
- Concrete drill bits/core bits
- Tie wire
- and more...

ADDITIONAL SERVICES

It's important that your equipment and machinery is functioning correctly. At Lyndons, we can help you get your equipment and machinery back to work as quickly as possible, as we understand time is money.

REPAIR & SERVICING

Bring your equipment and/or machinery in to any of our stores and we can either repair and provide general servicing through our inhouse small mechanic, based at our Salisbury location, or arrange this through one of our trusted service partners.

CALIBRATION SERVICES

For Laser Levels we can arrange callibration and servicing through our reputable supplier and their highly skilled team of technicians. 6-monthly calibrations are recommended to ensure your equipment is working accurately, giving you precision results.

Well-maintained machinery and equipment will consistently help you achieve results.

Lyndons is a leading reseller of standard concrete grey blocks, coloured masonry blocks and breeze blocks manufactured by reputable manufacturers.

Lyndons offers an extensive range of blocks to suit your project requirements, no matter what size - from residential homes, multi-residential apartments, commercial developments to public and community spaces, and civil and infrastructure projects.

Lyndons is your one-stop-shop for all your block laying requirements including blocks, sand, steel, cement, hand tools, additives and waterproofing. You can feel confident that our products will provide a sound and resilient foundation for your project.

SUPPLY

All of our blocks and accessories can be picked up from one of our stores or we can deliver to your project site.

PRODUCT RANGE

GREY MASONRY BLOCKS

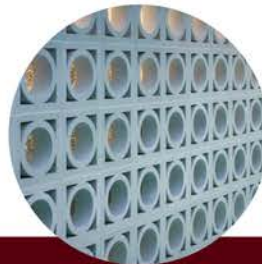

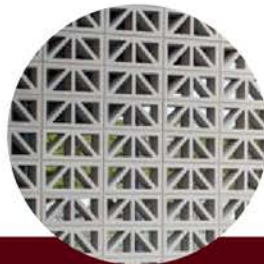

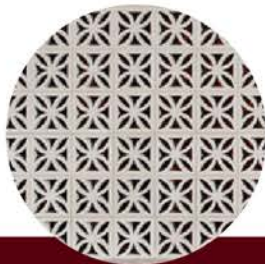

- 100 series
- 150 series
- 200 series
- 300 series
- 400 series

Lyndons offers an extensive range of sizes and formats with light weight options available. Lyndons holds some grey blocks onsite however you can order the blocks you need to be delivered direct to your site.

COLOURED MASONRY BLOCKS & BREEZE BLOCKS

Lyndons has access to an extensive range of architectural masonry products in a range of sizes, formats and finishes from Austral Masonry and GB Masonry. These can be ordered and delivered direct to your site as required.

Managing our own fleet of trucks and employing reliable drivers to deliver to your sites across Queensland & Northern NSW everyday helps us to ensure you receive your goods on time in full.

Lyndons supplies the full retaining wall systems including concrete retaining wall blocks, decorative and plain concrete sleepers and the Explorer wall panel of varying sizes, for all retaining wall projects. Lyndons also supplies retaining wall galvanised steel posts of all sizes, brackets, drainage stone, pre-mix concretes, geo fabric, corflute, agpipe and other essentials required in building your retaining wall.

PRODUCTS

CONCRETE PANEL SYSTEM

Three sizes available:

- 2m x 1.0m x 75mm (5 sleepers)
- 2m x 0.6m x 75mm (3 sleepers)
- 2m x 0.2m x 75mm (2 sleepers)

WHY USE A PANEL SYSTEM

- speed of installation
- less prone to concrete cracking and shrinkage
- less chance of chipping
- less pinch points on installation i.e. safer for installers
- easy to remove and relocate.

The sleeper panel will allow for any combination of panel sizes together to produce a retaining wall 0.2 - 4.0m in height and will suffice all engineering standards required (AS4678). (Local Council regulations must be checked).

INDIVIDUAL CONCRETE SLEEPERS

Available in a range of sizes and styles (decorative or plain) to suit all applications.

RETAINING WALL BLOCKS

Available in a range of sizes and styles to suit all applications, straight and/or curved walls, and steps.

LYNDONS Customer Testimonial

"They were easy and quick to install. Saving at least half a day in installation and time and machine hire".

Our sites offer a wide range of quality bulk raw materials to suit the many different applications across building, construction and landscaping projects, as required by various trades including block and brick layers; solid plasterers and renderers; tilers and tiling contractors; plumbers; concretors; landscapers; pool builders and builders in general.

PRODUCTS

Our bulk materials range includes:

- Concrete blend - natural and recycled
- Sands (fine and medium):
 - river sand
 - beach sand
 - bedding sand
 - plasterers sand
- CBR road base
- Recycled crusher dust
- Pool pebble
- Brickies loam
- Stones:
 - river stone
 - drainage stone
 - recycled stone

SUPPLY

We can bag all of the product either 20kg bags or up to a 1 tonne in a bulk bag which our customers can pick up using a trailer, ute or truck.

We have a range of tipper trucks* that can deliver loose per cubic metre or we can deliver in bulk bags on a crane truck or a truck with a forklift.

QUALITY

We source only quality products from all of our suppliers. We have been supplying the same natural and recycled products to all aspects of the building industry for over 20 years.

Lyndons has a range of construction solutions used to prepare, bond, seal and protect and perform in varying environmental conditions for a myriad of residential, commercial and industrial applications.

We offer the complete package from basement to rooftop. We can supply admixes to your basement slab or swimming pool to waterproof your concrete pour. Lyndons has a range of systems for bathrooms balconies, plant rooms through to podium decks. From sheet membrane through cementitious systems to liquid applied. Lyndons has on offer an extensive range of waterproofing systems to cover any project requirements regardless of size.

WHY USE A SYSTEM

When using a complete system, you have peace of mind that all products are designed to be compatible with each other rather than opening yourself up to potential product conflict and failures.

PRODUCTS

Our range includes but is not limited to:

- Admix system for your concrete pour
- Sheet membranes for below grade basement and rooftop
- Liquid applied bitumen for retaining walls
- Positive and negative waterproofing systems
- Green roof system
- Swimming pool systems for under pebble, tile or render
- Bathroom and shower systems
- Balcony and podium deck systems
- Applicator brushes and rollers
- Mixing paddles
- Swelling hydrophilic waterstops
- Waterbulbs and rear guard
- Angles and doorway waterstops
- Crystal Growth System (smart or self-healing concrete) for rectifying your leaking basement/water tank
- Access to channel drains, puddle flanges and the Bermuda range of shower drains.
- Bonding and fire retarding systems:
 - full Sikaflex range
 - complete Parchem/Fosroc range
 - fast and normal cure polyurethanes adhesives and sealants
 - pick resistant adhesives and sealants
 - chemical and fuel resistant silicone
 - self-levelling sealants
 - chemical anchors

Formwork & Materials

Lyndons has provided formwork to the Queensland building market for generations providing a comprehensive range of locally sourced and imported products.

PRODUCTS

Our product range includes but is not limited to:

TIMBER & GENERAL FORMWORK

- Edgeform (various sizes)
- Form ply (various sizes)
- Deck ply (various sizes)
- LVL formboards (various sizes)
- Pecaform (various sizes)

COLUMN FORMING TUBES

- Formatube (various sizes)

SLAB VOID FORMING SYSTEMS

- Waffle pods (various sizes)
- Cupolex (various sizes)
- Biax system (various sizes)
- Other plastic, cardboard & polystyrene options

FORMWORK BRACING & PINS

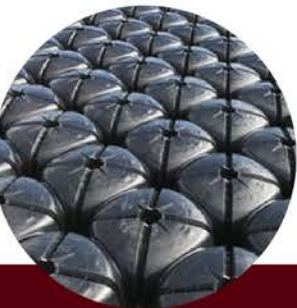

- Props (various sizes)
- Steel & timber stakes (various sizes)
- Star pickets (various sizes) & safety caps

FORMWORK ACCESSORIES

- Fillet moulds
- Conduit
- Toby cones
- Tie wire
- Nails
- Screws
- Form release agents
- Bond breaker
- Z bar (various sizes) & accessories
- Builders black plastic film

The Lyndons team can source all of your formwork requirements. Even if we don't have it as part of our core range we can still get it in store for you at the right time, price and quality, all we ask is that you give us some notice.

CUSTOMER FOCUSED

Service is our focus and this is achieved with having experienced and technically knowledgeable team members on hand to assist with your building and construction needs, answer your questions and provide you with solutions.

Lyndons extensive network enables you to shop for select safety products, including personal protection equipment (ppe) and site signage, at the same you're purchasing your project materials, tools and equipment. We have a number of quality suppliers and if we don't have an item in stock, we can look to order it in for you, just speak to your local Lyndons team.

We offer an array of PPE that includes safety products for Hands and Feet, Eyes and Hearing, Head & Face and Hydration solutions. We stock the brands you can trust as your safety is our **PRIORITY!**

We also stock a range of site safety items to give your employees and site visitors advanced warning of potential hazards and safety procedures.

PRODUCTS

Our range includes but is not limited to:

HEAD & FACE PROTECTION

- Twin filter respirators & replacement cartridges
- Disposable dust/fume/mist respirators
- Sunscreen
- Hard Hats
- Hard hat brow guards
- Hard hat shard halo
- Wide-brimmed straw hats

HAND & FEET PPE

- Gloves, various trade-tough styles & sizes
- Steel capped leather boots
- Gumboots

EYE & HEARING PROTECTION

- Safety glasses
- Ear plugs, headband, corded & uncorded
- Ear muffs

HYDRATION

- Hydration drinks & concentrates
- Drink coolers

OTHER

- Hi-vis safety vests
- Super-soft knee pads
- Kneeling boards
- Coveralls
- Safety belts & clips

SITE SAFETY

- Barrier tapes, various styles
- Traffic cones, various sizes
- Cleaning chemicals
- Hand sanitiser
- Bunting safety flags, various roll sizes
